THE FRENCH NURSERY COMPANY - CLYDE, OHIO

TERMS OF SALE

GUARANTEE

We give no warranty, expressed or implied, as to description, quality, growth, productiveness, or any other matter, of any stock we sell. It is mutually agreed that our total liability for untruthfulness to name shall be limited upon satisfactory proof, to free replacement, or refund of the purchase price plus interest.

REPLACEMENT

It is the desire of the French Nursery Company to satisfy every customer and has been our policy for seventy-five years. We guarantee our stock to reach the customer in good condition, and we will replace absolutely free any stock that does not reach the customer in good condition, providing we are notified immediately upon arrival of order, so that we can make claim with transportation company.

We do not replace nursery stock that fails to live. Possible neglect of planter and unavoidable climatic conditions prevent guaranteeing trees and plants to grow. We will however, replace at one-half the current each rate prices, any trees that die the first summer if the customer notifies us before August first following.

TERMS

Prices listed cancel all previous prices and are subject to change without notice. All offers are made subject to supply. All shipments will be Cash on Delivery unless cash is paid in advance of shipment. Small trees and plants may be sent by mail. Where parcel post shipment is desired, there is an additional charge for postage.

Add 10¢ to \$1.00 order

Add 15¢ to \$2.00 order

Add 25¢ to orders over \$2.00

The customer pays transportation charges on freight and express shipments. In Ohio there is a 3% sales tax on all orders that are not used for home consumption.

# TIPS ON DISTANCE TO PLANT - - NUMBER PER ACRE FOR SMALL AND LARGE FRUITS, ASPARAGUS, ETC.

## DISTANCE FOR PLANTING -- SQUARE METHOD

Distance for planting different kinds of fruit trees, etc. sq. method:

PEACH - - 20 feet apart each way.  
STANDARD APPLE - - 35 feet apart each way.  
CHERRY, SOUR - - 18 feet apart each way.  
CHERRY, SWEET - - 20 feet apart each way.  
STANDARD PEAR - - 20 feet apart each way.  
PLUM - - 20 feet apart each way.  
GRAPE VINES - - Rows 8 feet apart, 8 feet apart in row.  
CURRANTS AND GOOSEBERRIES, - - Rows 4 feet apart, 4 feet apart in row.  
BLACKBERRIES - - Rows 6 feet apart, 8 feet apart in row.  
BLACK RASPBERRIES - - Rows 7 feet apart, 4 feet apart in row.  
RED RASPBERRIES - - Rows 7 feet apart, 3 feet apart in row.  
DEWBERRIES - - Rows 4 feet apart, 5 feet apart in row.  
STRAWBERRIES, FIELD CULTURE, - - Rows 4 feet apart, 1-1/2 feet apart in row.  
STAWBERRIES, GARDEN CULTURE - - Rows 2 feet apart, 1 foot apart in row.  
ASPARAGUS, IN FIELD - - Rows 5 feet apart, 2 feet apart in row.  
ASPARAGUS, IN BEDS - - Rows 1-1/2 feet apart, 1 foot apart in row.

## RULES FOR OTHER DISTANCE

Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of square feet in an acre (43,560), will give the number of plants or trees to an acre.

## NUMBER OF TREES REQUIRED TO SET AN ACRE AT VARIOUS DISTANCES

	Trees per Acre
Trees planted 35 feet apart each way - - - - -	35
Trees planted 30 feet apart each way - - - - -	49
Trees planted 25 feet apart each way - - - - -	69
Trees planted 20 feet apart each way - - - - -	109
Trees planted 18 feet apart each way - - - - -	137
Trees planted 16 feet apart each way - - - - -	170
Trees planted 14 feet apart each way - - - - -	222
Trees planted 12 feet apart each way - - - - -	302
Trees planted 10 feet apart each way - - - - -	435
Trees planted 8 feet apart each way - - - - -	680
Trees planted 6 feet apart each way - - - - -	1,210
Trees planted 4 feet apart each way - - - - -	2,722

## NUMBER OF PLANTS REQUIRED TO SET AN ACRE AT VARIOUS DISTANCES

1 x 1 ft. - - - - -	43,560	4 x 2 ft. - - - - -	5,445
2 x 2 ft. - - - - -	10,890	5 x 1 ft. - - - - -	8,712

THE HISTORY OF THE  
UNITED STATES OF AMERICA

The history of the United States of America is a story of growth and development. It begins with the first settlers who came to the continent in search of a new home. These settlers found a land of vast resources and potential, but they also found a land that was already inhabited by a diverse and rich culture of Native Americans. The story of the United States is a story of the struggle for independence, the fight for freedom, and the pursuit of a better life for all.

The early years of the United States were marked by a series of challenges and triumphs. The first settlers faced a harsh and unfamiliar environment, but they persevered and built a new life for themselves. They fought for their rights and their freedom, and they eventually won the right to self-governance. The story of the United States is a story of the struggle for independence, the fight for freedom, and the pursuit of a better life for all.

The United States has come a long way since its founding. It has grown from a small colony to a great nation, and it has played a leading role in the world. It has fought for freedom and justice, and it has helped to build a better world for all. The story of the United States is a story of the struggle for independence, the fight for freedom, and the pursuit of a better life for all.

1. The first section of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in all financial dealings.

2. The second section outlines the specific procedures for recording transactions, including the use of standardized forms and the requirement for dual signatures on all entries.

3. The third section details the process for reconciling accounts and ensuring that all entries are accurate and complete. It includes instructions on how to handle discrepancies and the importance of timely reconciliation.

4. The fourth section discusses the role of internal controls in preventing fraud and ensuring the integrity of the financial system. It highlights the importance of segregation of duties and regular audits.

5. The fifth section provides information on the reporting requirements for the organization, including the frequency and format of reports to be submitted to the relevant authorities.

6. The sixth section addresses the issue of data security and the measures that must be taken to protect sensitive financial information from unauthorized access or disclosure.

7. The seventh section discusses the importance of ongoing training and education for all staff involved in financial management, ensuring they are up-to-date on the latest regulations and best practices.

8. The eighth section provides a summary of the key points discussed in the document and reiterates the commitment to high standards of financial management and transparency.

9. The ninth section includes a list of references and resources that staff can consult for further information on financial management practices and regulations.

10. The tenth section contains a final statement of intent, expressing the organization's dedication to maintaining the highest level of financial integrity and accountability.

11. The eleventh section discusses the importance of communication and collaboration between all departments in ensuring the success of the financial management process.

12. The twelfth section provides a list of contact information for key personnel responsible for financial management, including their names, titles, and phone numbers.

13. The thirteenth section includes a list of appendices that provide additional details on specific financial management topics, such as the format for transaction forms and the structure of the reconciliation process.

14. The fourteenth section contains a list of glossary terms and their definitions, ensuring that all staff have a clear understanding of the terminology used throughout the document.

15. The fifteenth section includes a list of frequently asked questions and their answers, providing a quick reference for common issues related to financial management.

1. The first part of the document is a list of names and addresses, which are arranged in two columns. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Smith", "Mary Jones", and "Robert Brown", along with their respective addresses in various parts of the city.

2. The second part of the document is a list of names and addresses, which are arranged in two columns. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Smith", "Mary Jones", and "Robert Brown", along with their respective addresses in various parts of the city.

3. The third part of the document is a list of names and addresses, which are arranged in two columns. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Smith", "Mary Jones", and "Robert Brown", along with their respective addresses in various parts of the city.

4. The fourth part of the document is a list of names and addresses, which are arranged in two columns. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Smith", "Mary Jones", and "Robert Brown", along with their respective addresses in various parts of the city.

5. The fifth part of the document is a list of names and addresses, which are arranged in two columns. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Smith", "Mary Jones", and "Robert Brown", along with their respective addresses in various parts of the city.

1. The first part of the document is a list of names and addresses, which appears to be a directory or a list of contacts. The names are written in a cursive script, and the addresses are listed below them.

## HARDEE PEACH Con't.

Note: The shipping qualities of Hardee are good. It is a good all-purpose peach, having fine qualifications for dessert, cooking, and canning. It is good for home use and it is also a good market peach. A DELICIOUS HIGH QUALITY YELLOW FREESTONE PEACH WITH OUTSTANDING "BUD" AND "WOOD" HARDNESS.

HARDEE stood test of 18 below zero and came through with a full crop, whereas Elberta and other standard varieties in the same orchard, failed to fruit as a result of the severe winter. SAFEGUARD YOUR FUTURE CROPS. PLANT HARDEE. A SURE CROPPER WHEN PEACH PRICES ARE HIGHEST. Write for special folder
